

## MAINE

### Gives the G. O. P. Hard Jolt and Nearly Flops

### ENORMOUS GAINS MADE

### By Democrats Through- out the Entire State

### Arkansas Gives the Usual Dem- ocratic Majority and License for Larger Cities of State.

Portland, Me., Sept. 15.—Although the Republicans came off victorious in the state election yesterday, Bert M. Fernald, of Poland, being chosen governor over Obadiah Gardner, of Rockland, the Democrats had the satisfaction of seeing the normal plurality cut to less than 10,000 votes for the first time in a presidential election for more than a quarter of a century. Revised returns for governor from 468 out of 519 cities, towns and plantations give Fernald, Rep., 72,117; Gardner, Dem., 64,993.

Same places in 1904 gave Cobb, Rep., 75,334; Davis, Dem., 49,416. Remaining places in 1904 gave Cobb 1,630; Davis 730.

The vote for governor in 1904 was as follows: Cobb, 75,591; Davis, Dem., 49,791; Woodbury, Pro., 2,765; Hapgood, Soc., 1,573.

The result, which was much closer than any of the Republican leaders had anticipated, showed not only the warmth of the contest, but the popularity of Mr. Gardner throughout the state. The Republicans were on the defensive throughout the campaign, seeking to hold the state by the usual plurality by answering the various Democratic arguments, which were mainly for resubmission of the prohibitory law, taxation of the lands and reform in administrative methods.

But little was said of the national issues, although the Republicans, through outside speakers, sought at various points to bring such subjects to the attention of the people. The results of the hard work by party managers and speakers on both sides was a large increase in the turn out of the voters, nearly 140,000 going to the polls, which was within a few thousand of the record for the state.

The Democrats gained over four years ago in nearly every county and city.

Augusta, Maine, Sept. 15.—Late returns today indicate that the first estimate of the plurality of Bert M. Fernald for governor of Maine are substantially correct. His plurality will be about 8,000.

### USUAL MAJORITY.

Little Rock, Ark., Sept. 15.—Returns from yesterday's election indicate the success of the Democratic state ticket by the usual majority. Bruce Bouillon, secretary of the Democratic state committee, says George W. Donaghey's plurality for governor will exceed 60,000.

Judge John I. Worthing, Republican nominee for governor, polled the full Republican vote and received the votes of many Prohibitionists. Worthing ran on a state-wide Prohibition platform, while Donaghey stated prohibition was not an issue, but he would recommend its admission by the next Legislature. The Socialist vote will not reach 5,000.

It is generally conceded license carried Little Rock, Argentina, Pine Bluff and Helena.

### REQUESTS TO CHURCHES.

Marysville, Sept. 15.—By the provisions of the will of Mrs. Rosina Holycross, who left no immediate heirs, the Christian hospital at Cincinnati will receive \$500; the M. E. church at North Lewisburg, \$1000; the Darby M. E. church, \$900; and the Methodist Episcopal church of North America, \$300.

### FORMER CHIEF ANDREWS DEAD.

Cleveland, Sept. 15.—John Andrews, aged 63, for 15 years chief of the Cleveland fire department, died yesterday. Andrews was a member of the fire department 33 years. He retired from the position of chief September 1, 1906.

### HOW LEADERS LOOK ON THE RESULTS IN MAINE.

William J. Bryan, Democratic candidate for the presidency: I am very much gratified at the returns from Maine. They indicate that the trend toward the Democratic party extends over the whole country; they encourage Democrats to believe that victory in November is certain.

Norman E. Mack, chairman of the Democratic National Committee: Maine has always been regarded as a hide bound Republican state, and the returns from there indicate more clearly than anything I can say that the sentiment of the people is thoroughly aroused for the cause of Democracy. What has happened in Maine clearly forecasts what will be the outcome in other states at the coming election, and I am more confident than ever that Mr. Bryan will be elected.

## BLIND MAN MADE TO SEE

SURGEON GRAFTS CORNEA FROM  
RABBIT'S EYE TO OPTIC OF  
PATIENT.

Wonderful Operation Performed on a  
Man Who Had Been Blind for a  
Number of Years.

New York, Sept. 15.—A blind man has been made to see through the grafting of a cornea from a rabbit's eye to the optic of the patient, according to reports from a local hospital today. Dr. Henry R. Lesser was the physician performing this wonderful feat. While the operation is not unknown to science, yet the success of the operation today reported is marvelous. For years Dr. Lesser's patient, whose name is withheld for professional reasons, was blind. Physicians of international standing gave the man no hope. Dr. Lesser learned that some years ago his patient had suffered leucoma, a disease of the cornea. The physician decided upon the grafting process as a last resort. Last May the rabbit's cornea was transplanted to the blind man's eye. Saturday for the first time the bandages were removed and Dr. Lesser's patient could count his fingers, distinguish color and go about unattended.

## BITTEN BY SQUIRRELS

AN EPIDEMIC OF HYDROPHOBIA  
MAY BE THE RESULT.

Six Persons Receiving Treatment at  
Pasteur Institute and Another  
Commits Suicide.

Chicago, Sept. 15.—There is grave danger of an epidemic of hydrophobia at Springfield, Ill., due to squirrel bites is the statement of Prof. A. Lagoria of the Pasteur Institute. Six persons are now receiving treatment at the local institution after being bitten by squirrels. One is not expected to recover.

Miss Hilda Zastrow, daughter of a farmer near Beaver Dam, Wis., was one of the first cases to be brought to the institution. She was attacked by a mad squirrel six weeks ago, while playing near her home and bitten seven or eight times on the face.

Frederick Patterson who was bitten at Springfield, committed suicide by swallowing carbolic acid yesterday after learning of the danger he was in. An examination of the squirrel which bit the Springfield people showed it had an extremely violent attack of rabies.

## COMMITTEE

From Local Board of Trade Who Will  
Meet Excursion of Pittsburg  
Chamber of Commerce.

The members of the Pittsburg Chamber of Commerce will pass through the city Wednesday at 11 a. m. over the Pennsylvania lines. The party will be met by a committee from the Newark Board of Trade, composed of Mr. Fred Evans, chairman, and the following members: Wm. E. Miller, Wm. Hillozey, Henry Beckman, Geo. Hagemeier, Fred Gleichauf, A. S. Stephan, M. Schenberg, F. S. Coulter, A. C. Davis, A. C. Hatch, Walter Bowens, H. Atherton, John Swisher, A. H. Heisey, C. L. Conrad, J. H. Pugh, G. E. Besanconer, S. L. VanVoorhis, Henry Schneider, W. L. Prout, President and J. M. Maylone, secretary.

## OPENLY

### Accuses Taft of Mis- representation and Evasion

### BRYAN'S BITTER ATTACK

### Calls Upon Taft to Explain His Record in the Philippines

### Democratic Candidate Explains His Attitude on Public Ques- tions and Asks Opponent to Do Same.

Philadelphia, Sept. 15.—William J. Bryan today bitterly attacked Judge Taft, his Republican opponent, and openly accused him of deliberate evasion and misrepresentation.

He further assailed Judge Taft on his record as governor general of the Philippines and insisted that there was much to explain in his record there, especially in connection with the proposition to guarantee perpetual franchises in the islands.

"Mr. Taft is dodging," said Bryan. "Instead of defining his position on public questions he is inquiring about my record, as he does about public questions which he has attempted to discuss."

Mr. Bryan then explains his attitude on public questions, saying that he did not desire government ownership of railroads. He closed by demanding that Taft explain his record.

## HUGHES

WILL PROBABLY BE NOMINATED  
ON THE FIRST BALLOT THIS  
AFTERNOON.

Platform Will Undoubtedly Endorse  
His Policies and Enemies Will be  
Sidelined.

Saratoga, N. Y., Sept. 15.—The last hope of the allies was shattered and the nomination of Governor Hughes on the first ballot was virtually assured shortly before noon by the receipt here of a cablegram from United States Ambassador to Germany, Dr. Jayne Hill, in which he declined positively to accept the nomination for governor.

The platform will endorse Hughes' policies throughout. All efforts of his enemies to make the platform unfavorable to his wishes have apparently been sidetracked.

### TO CHECK FOREST FIRES.

Claytonville, Sept. 15.—Farmers in Claytonville township have been plowing for three days to check the fire, which has destroyed fences and the timber on the farms of Henry Beaver, Fred Johnson, and James McAllister. The loss will reach thousands of dollars, but the fire is about under control.

### KILLED BY FALL FROM WINDOW.

Cincinnati, Sept. 15.—William I. Reed of Portsmouth, an Elk and prominent in insurance circles, was killed instantly by a fall from the fifth floor of the Haylin hotel, in this city, yesterday. He suffered from cancer and was in the city for treatment. Nothing has developed to warrant suggestions of suicide.

### ARRESTS SCHOOL BOARD.

Iron, Ont., Sept. 15.—Chief of Police Berridge yesterday afternoon swore out warrants for the arrest of the members of the school board charging them with violating the orders of State Inspector Morgan by opening schools before the fire escapes are completed. The hearing will be held today.

### FIFTY YEARS A PAUPER.

Bellefontaine, Sept. 15.—Susan Longsdorf, after 58 years spent in the Logan county infirmary, died today. Having no home she was sent to the institution at the age of 10 years.

### KILLED BY EXPLOSION.

Jackson, Sept. 15.—Ed McKitterick, aged 40, was instantly killed yesterday by a premature explosion in a sand pit. He left a widow and two children.

### SEC. WILSON MAY OPPOSE GOV. CUMMINGS

Albert B. Cummings.

Des Moines, Iowa, September 15.—The "standpatters" may ask James Wilson, Secretary for Agriculture in the Cabinet, to be the candidate for United States Senator against Governor Cummings. In letters to personal friends former Secretary of the Treasury Leslie M. Shaw has declined to allow his name to be considered in connection with the candidacy for the Senate.

## WANTED

Long by the Police for Alleged Bicycle  
Theft, Foreigner is Finally  
Captured.

After being on his trail for the past several weeks, the police department, through Officer Shively, Monday John Schulte, a foreigner, nabbed afternoon, and looked him up on the charge of being a bicycle thief. At police court Tuesday morning he was bound over to the grand jury in the sum of \$100, and being unable to give the bond required he was sent to the county jail.

Schulte was almost nabbed by Officer McClure near the B. & O. round house the other day, but by a fast sprint and his daring in jumping a freight train that was traveling 25 miles an hour, he escaped. Again he was chased by Officer Callan, but his sprinting ability stood him in good stead and he escaped by running over the tops of box cars and escaping along the river bottom.

In a house on Monroe street was found six bicycles that are supposed to have been stolen, and a number of handlebars and saddles.

## LANING SHED TEARS

IN OPEN COURT WHEN ASKED  
WHETHER HE HAD EVER  
STOLEN FROM BANK.

Congressman Tells the Story of His  
Deals to the Jury—Judge Re-  
fused to Acquit.

Fremont, O., Sept. 15.—Congressman J. F. Lanning, after Judge Richards today refused to direct the jury to acquit, took the stand in his own behalf and told the story of his transactions.

He insisted that at all times Gibbs, president of the Trust company, knew of all deals and assented to the manner in which loans were negotiated. Questioned as to whether he had ever stolen from or wronged the Trust company, Lanning wept. He rocked back and forth in the witness chair, swallowing hard in an effort to control his emotion, while tears trickled down his cheeks.

"No," he said, speaking with a visible effort, "No, I never did."

Lanning said his transactions were along the line of making joint loans for the Lanning Publishing company and the Trust company.

## TUNNEL FIRE KILLS TWO

Detroit, Sept. 15.—Two men were suffocated and three others injured in a fire which swept through the Windsor end of the Michigan Central tunnel early this morning. Two hundred men employed at the bottom of the shaft made a mad dash for the outside. The dead are Walter R. Kimball, assistant superintendent of the shaft, and Bert Johnson, carpenter.

gymnasium and the effect on the light in the day time is better than had been expected.

Wednesday is to be the day for boys of the Seventh and Eighth grades of school, and the hour is from 4 to 6. They can visit the gym, the swimming pool with its white enamel, the bowling alleys and the boys' room on the third floor and all over the building.

### ODDSBODDINS!

Gallipolis, O., Sept. 15.—Joe Kennedy of New York, actor, was arrested near here on a B. & O. train by detectives and jailed at Ft. Pleasant, W. Va., charged with having attempted to rob a mail car. Kennedy was found hiding in the car. Recently he was discharged from the Joliet company at Portsmouth.

### ANOTHER BANK FAILURE.

Boston, Sept. 15.—The firm of Geo. B. Banks & Co., brokers, closed their doors this morning. Bankruptcy proceedings are pending against the firm. It was the correspondent for Wm. Ives & Co., members of the Consolidated Exchange of New York.

### MOTHER SCALDS CHILD FATALEY

Findlay, Sept. 15.—Carrying a dishpan full of scalding water, Mrs. Edward Ritter slipped and fell last night the contents of the pan falling on a 19 months old child, scalding it so badly it died. The mother is prostrated.

### WOMAN ACCUSED OF ARSON.

Findlay, Sept. 15.—Kitty Thomas was arrested yesterday afternoon for arson by Deputy Kirtland of Toledo. She pleaded not guilty and went to jail in default of bond, with a six year old daughter.

## PLEASED

Are Citizens Living on Hudson Avenue With the Work of the York Construction Company.

The citizens who live along that part of Hudson avenue where the York Construction company has been recently laying pipe for the new water works are very much pleased with the promptness and workmanlike manner with which the work was done.

There was no unnecessary delay in testing the new work, and that it was good, shows for itself, for the construction company is now rapidly putting the dirt back in the ditch in good shape.

Any criticism of the work done on this line of pipe if it comes from interested parties, is in bad taste, for heretofore the delays have been inexcusable, and the time taken to fill in the ditches was unwarranted. Had other work been done as thoroughly in the first place as was the work on this Hudson avenue contract, the public would not have suffered the continued inconveniences that it was forced to put up with all spring and summer.

## POACHING JAPS TAKEN IN TOW

Washington, Sept. 15.—The department of justice was advised today of the capture of between thirty and forty seal poaching Japanese and two schooners, Sakaki, Maru and Pinal Maru, within the three mile limit off St. Paul Island. The revenue cutter Bear made the capture after a long chase.

## FIRE RENDERS MANY HOMELESS

Saco, Me., Sept. 15.—The worst fire that has visited Maine since the million dollar conflagration at Portland was wrought under control here this morning, after doing \$500,000 damage. Eighty-five tenement houses are in ruins, nine million feet of lumber destroyed and 600 persons homeless.

## WHAT IS IT?

What color?  
Answer to Monday's puzzle—Frank.

## SCHOOLS

### Of Collinwood Open- ed for First Time Since Fire

### Authorities Aim to Re- store Confidence of Parents

### ENROLLMENT NOT FULL

### Janitor Hirter Re-employed as are Many of the Teachers Who Were on Duty at Time of Fire.

Cleveland, O., Sept. 15.—For the first time since that morning of March when 170 school children and two teachers lost their lives in the Collinwood school fire, the homes of that suburb left their children and started to school. It is with greatest reluctance that many of the mothers, who lost two or three little ones in the terrible fire, allowed what is left of their little flocks to start forth.

The little girls, who the first day of school in former years tripped along the street holding the hand of younger brothers walked alone today. Or, again, it was the boy who went alone. Then in many homes where formerly one or two little ones said their good byes before making their way to school, the mother could only watch the others pass.

The school authorities do not expect a full enrollment, but there will be no truancy effort to invade the homes of those who keep the children away. They know that the mothers can hardly be reassured by promises of fire proofing alterations and fire escapes. The sole aim of the authorities is to restore the confidence of the parents and no attempts will be made to force the children into the schools.

Plans for taking a national subscription to purchase a monument, marking the one grave where the unidentified dead are buried, are progressing rapidly.

The entire police force available in Collinwood was on duty near the schools early in the morning as it was feared there might be trouble between parents of children who were lost in the fire and some of the teachers. Janitor Hirter has been re-employed as have several of the teachers who were on duty at the time of the fire and threats were openly made that they would be roughly handled if once in the hands of the stricken parents.

## PRIEST

WILL BE PUT ON TRIAL FOR  
MURDER IN THE STATE OF  
VERMONT.

Is Held With Three Others as an Ac-  
cessory to the Murder of a  
Solicitor.

Rutland, Vt., Sept. 15.—For the first time in the history of the state, a priest will be put on trial today for murder. The defendant is the Rev. Francis Crociata of the church of Our Lady of Souls, who with Miss Anna Black, a beautiful 17 year old girl, and three other Sicilians, one of them the priest's brother, are charged with conspiring with Father Crociata to murder Accarito Santora, who was killed July 22.

Vito Turcianna and Viconzo Gioa, are charged with murder in the first degree for shooting Santora on the lonely road at "76 Bridge" near here, while the priest, his brother, Casper Crociata, Giovanni Gioa, and Anna Black are accused of being accessories.

## MILES WILL VOTE FOR WM. J. BRYAN

Worcester, Mass., Sept. 15.—H. C. Miles of Westminster, brother of General Nelson, will this year vote for William J. Bryan, though heretofore he has been a staunch Republican. The reason given by Miles for his change of faith is the treatment accorded his general brother by the administration under McKinley.

## NEW HEALTH PROJECT

National Reform Movement Is Started In Boston.

TO ATTACK EVIL AT ITS ROOT

Miss S. J. Hughes Wants Vacancy Commissions Established In Large Cities—Each Empty House to Be Inspected Before Occupancy and All Danger of Disease Removed.

A movement to lay the foundation of a national reform in all large cities was recently started in Boston with the object of promoting health in a new and original way, which starts at the root of an evil and is generally combated effectively.

Miss Sarah J. Hughes of the Back Bay section of Boston, a woman of extraordinary energy and intimately acquainted with those perplexing questions and conditions which are a constant source of anxiety to boards of health, has conceived a plan for the establishment of vacancy commissions in Boston, New York and Philadelphia as the starting points of a national work. These vacancy commissions are to be composed of a physician at the head, a trained nurse of high standing, a public spirited and practical lodging house keeper and a real estate woman of philanthropic character, says a Boston correspondent of the Philadelphia Record. Their powers, to be conferred either by city or state, will be such as to give them authority to enter all vacant houses, inspect them and order them put into a condition before occupancy that will preclude all danger of disease.

Miss Hughes has discovered that landlords are in the habit of giving only a superficial cleaning to vacant tenements and houses, that new layers of wall paper are laid over the old layers, that germs are so thick on the inside of the rank paper that they can be seen with the microscope and that crannies and crevices where disease lurks are utterly neglected, not being given even a hot water and soap treatment when bichloride is an absolute necessity. No less than ten layers of paper have been found by Miss Hughes in Brookline, Mass., the richest town in the world, while five and six layers are common all over Boston in homes supposed to be far better than lodging and tenement houses. Observation has proved, according to Miss Hughes, that disease and death have their origin in such conditions, where the parsimony and shortsightedness of landlords permit only superficial cleaning that looks well to the eye at first, but which covers only a whitened sepulcher.

Miss Hughes has found that the two most prevalent diseases arising from these insanitary methods are consumption and diphtheria. She has kept close track of houses where the landlords would neither make the necessary changes nor permit new tenants to make them, with the conclusion formed in an array of astounding facts and figures proving that disease has followed almost invariably and inevitably; hence the advocacy of vacancy commissions. Mayor George A. Hibbard of Boston has lent a willing ear to the propaganda, while aldermen and councilmen are greatly impressed. Others have joined in the new movement, and the plan is to follow the Boston work with similar establishments in New York and Philadelphia, finally making it national in character.

Miss Hughes would have all the halls painted from attic to coal scuttle. She would tear off the layers of paper to the plaster and have it carried off in barrels. She would have the walls treated with hot water and soap, followed by bichloride, until there could be no chance for germs to remain, and in this way she claims a vast proportion of sickness would be prevented.

Miss Hughes is a sister of the celebrated physician and surgeon, Dr. Laura A. C. Hughes, who delivered two addresses before the American Medical association at Chicago last June and who won distinction in the Spanish-American war.

### Truck Patch Literature.

No longer the animal fiction gets the prize. By a series of rabbits who have all the habits peculiar to civilization. The fox that hews rocks into four sided blocks to build him a bobcat proof lair. Is gone by the board with the tales that record the catch of the fly fishing bear. And with eager delight all the gentry that write of nature have whetted anew their pencils and deal with unapproachable zeal with the things that the vegetable do.

"The Onion That Moved Half a Million to Texas" is the name of one popular story.

Another relates of a cantaloupe's traits that led it to win fame and glory. "The Pumpkin That Bit" is a neat little skit of a fight in a ten acre lot. When a cantaloupe grew gay with the pumpkin one day and got what it ought to have got.

A tale to divert is "The Face of the Dirt," which tells of a thoughtful potato. Which got in a row with a near Jersey potato concerning the teachings of Plato.

Now it is known that not vermin alone, but garden truck also, can turn down a big chance in a field of romance that has not yet grown solid with ink.

Next fiction can find in an antelope's mind a new under a butterfly's that can be found if one only looks round. Can't you know but perhaps when these little writing chaps have ceased to write magazine features.

Of course, but some of them may find some romance in the domes of a human creature?

—J. J. Montague in New York American.

## NO VEGETABLE INTELLIGENCE

Bureau of Plant Industry Pathologist Does Not Believe Plants See.

The bureau of plant industry of the department of agriculture at Washington has been following closely the accounts of "vegetable intelligence" by Francis Darwin and Professor Harold Wager.

The bureau, of course, is not conducting investigations of so abstruse a character as those reported of the English scientists. Yet Albert E. Woods, pathologist and physiologist of the bureau, said the other day that there is undoubtedly a certain amount of truth in the theories put forward in England.

"But the use of the terminology of animal life in reference to the sensitiveness of plants will lead, I fear, to considerable confusion," said Mr. Woods. "It is a well known fact that the cells of certain plants are sensitive to light—far more sensitive, in fact, than the protoplasm of animals are. But it is quite improbable that any plant forms a visual reproduction of any object in the way that the animal eye does."

"With plants it is a question of sensitive reaction, and it is a mistake to confound this reaction in any way with the instinct of animals or the reason of higher races. Certain plants 'move toward' the light or away from it or tend to grow in the general direction of water or away from moisture. But this 'moving' shows only a sensitive reaction to the 'conditions of growth' around it. The plant has nothing corresponding to the mind that in any way directs its groping."

When asked if the logical conclusion of the Darwin-Wager theories would be the organization of a society for the prevention of cruelty to plants, Mr. Woods laughed.

## HUMAN DYNAMO IN TEXAS.

Electrically Charged Boy Furnishes Power For Fan or Lights.

A living storage battery is the only thing to which E. G. Atley, an American born child of Russian parents, living with his widowed mother in Houston, Tex., can be compared. The boy, who is seven years old, is a human magnet and possesses all the electric properties of a dynamo engine in addition.

A metal filing was recently put in one tooth, and when the boy came home he picked up the knob used to connect an electric fan with an electric light wire in his mother's residence and thrust it into his mouth.

A threaded metal cap was on the end which screws into the cap for the electric bulb. As the metal cap touched the metal tooth filling the boy's head jerked slightly, and the fan began to revolve and then to buzz frantically at full speed. This kept up as long as the circuit was completed in the boy's mouth.

The mother was frightened and feared witchcraft, but the boy seemed pleased at the sensation.

A piece of iron held in the boy's hand for a few moments becomes highly magnetized. A hammer with an iron handle held in his hands will attract tacks at a distance of four feet.

The boy says that he feels only an agreeable sensation. He has red hair of the reddest possible hue, large freckles and blue eyes.

## CHURCH WELCOME TEST.

Pastor In Guise of Workman Cordially Greeted In All Churches but One.

To disprove the assertion of the Socialists that the churches only welcome the rich and scorn the workingman the Rev. John Thompson, pastor of the McCabe M. E. church in Chicago, spent his August vacation disguised as a workman and attending services at nine wealthy churches of Chicago.

In a threadbare and shiny blue serge coat, trousers that were worn at the edges, a cheap cotton shirt and tie, old shoes and a black felt hat the minister was so well disguised that even his friends might have passed him by. In fact, he sat in a street car beside one of the members of his own congregation and was not noticed.

"I made the experiment," he said the other day. "to find what, if any, truth there might be in the charge that the workingman and the poorly dressed visitor are not made welcome in our churches. I found, as I had hoped, that it was just the other way. "In the nine churches that I visited I found the congregation always attentive, and in eight of the churches the ministers were cordial. In the ninth, I must say, I was surprised to see how crusty the minister was, and I was practically repulsed when I spoke to him at the end of the service."

## To Study the Stars For Five Years.

With Professor Lewis Boss and Robert Vanuon of the Dudley observatory at Allany, Professor R. H. Tucker of the Lick observatory recently left San Francisco on a five year trip to South America to observe and catalogue the southern stars, numbering upward of 25,000, that are of merit in astronomical eyes. A temporary observatory will be built in the Argentine Republic. The expedition is undertaken under the direction of the Carnegie institution at Washington.

## New Biography of Cleveland.

The authorized life of Grover Cleveland is to be written by a personal friend, John Finley, president of the College of the City of New York, who carries all persons having letters or other testimonials of Mr. Cleveland to lend them to him.

**YOU FURNISH THE BRIDE--WE'LL FURNISH THE HOME**

## Only a Few Cents a Day Will Furnish Your Home Complete During Parish's Big Popular Price Sale

If you plan to buy furniture within the next six months the time to buy is **RIGHT NOW**. Look through the four broad floors here—note the character of the furniture—and you will not need further investigation to convince you that the time to buy is now.

The furniture is of the best sorts, and in broad and satisfying variety—an attractive price attached to every piece and you may have the advantage of our liberal credit terms. There is no red tape about the Parish Credit plan—no embarrassing features—you simply select what you want, make a small payment down and the goods are delivered to you at once—the balance you can pay as your income will permit.

## MOUND IN ROSS COUNTY YIELDS RICH TREASURE

Columbus, O., Sept. 15—What are considered by experts to be the richest finds harking back to the age of the prehistoric mound builders so far unearthed in Ohio have just been placed on exhibition in the rooms of the State Historical and Archaeological society at Ohio State university.

Curator William C. Mills, who supervised explorations in Ross county during the summer, said yesterday that in point of articles secured and in discoveries made, the exploration is the most important on record in Ohio, the most notable field for mound building research. He declared that much light had been thrown on the civilization of past ages and that a great deal in the history of this ancient people which heretofore had been legendary, has been substantiated by the remains which have been saved from oblivion by the explorer's pick and shovel.

The mound from which these valuable treasures have been taken is located in Ross county and is familiarly known as the Seip mound. Some minor explorations have been undertaken before, but it was not until this summer that the work of excavation began in earnest. Prof. Mills was assisted by 16 students of the university and interested friends and most abundant success attended the work.

What particularly struck the attention of the explorers was the vast quantity of copper ornaments and utensils, green with their long burial in the heart of the earth which were recovered from the interior of the mound houses where they had been buried with the ashes of dead warriors and families.

Some of these copper pieces were wrought into beautiful shapes, showing the high skill which this ancient

people had acquired as dextrous craftsmen. One of the remarkable ones is a piece of copper which bears at the top a perfect crescent. How these ornaments were rounded and shaped into their present proportions without utilization of better tools than the ancients were known to have is a mystery. It is supposed that they were gradually shaped by friction with shells, or hammered into symmetrical form by stones. There are many breast plates, engraved with beautiful scroll like designs that reveal the artistic temperament of their makers despite rude instruments, and a wide selection of necklaces. All of these copper ornaments evidently were fashioned to heighten personal beauty. Attached to a necklace they dangle from the neck, no doubt catching and hurling back the glint of the sun.

While ornaments beaten from copper seem to be the favorite guards of these people, they did not confine themselves to the ore of the hills. Some of the handsomest pendants first found are beads of teeth which are inlaid with pearl. Less fierce, perhaps, but no less distinctive are the sharks' teeth and alligator incisors, which bear evidence of also serving as personal adornments. There are many pieces wrought of a dark metallic composition possibly iron, which are facsimiles of the peaks and claws of eagles, cads of long in almost endless lines were found in great profusion.

Considerable interest attaches in the finds of the beads and alligator teeth, as sea shells from which these beads are fashioned are not native to Ross county, but have alligators ever been known to bubble up little coloring boys near the coast of Ohio's former

capital. It is now supposed that some of these ancient mound builders immigrated from the south, bringing with them teeth of alligators that infested the swamps and the shells that lay upon the shores of the sea. These they made good use of in their new home in Ohio. The presence of sharks' teeth would also imply that immigrations from the south had taken place—when, nobody is bold enough to say.

What is regarded as a very important find—because it is the only one which yet has come under the observation of Curator Mills—was the unearthing of prepared skins as soft and glossy as the bears' skin hanging on the wall of a den in a modern Columbus house. The copper around these skins has preserved their luster and has preserved their beauty from ruin.

Great quantities of mica ornaments were also brought to light, revealing the wide resourcefulness of the mound builder's mind. Here are all shapes and designs, some very ornate, others quite simple, yet all obviously intended as personal decorations.

While all of these remains are considered most significant, perhaps the greatest discovery of all was the unearthing of a charnel house used by families as a last resting place for their dead. Excavations made clear that the house was circular in size and had been constructed of logs. Contrary to popular belief, however, the bodies were not laid out in regular rows, but were cremated. This process consisted in placing logs around the body of the dead member of the family and then lighting the pyre. When the bodies had been reduced to ashes, the fragments were carefully collected and placed in a corner of a mound of earth, usually rectangular in shape, with a deep gutter on all four sides.

One of these family mounds was discovered with heaps of cremated bones in each of the four corners. Logs were then placed around these mounds to protect them from invasion, and dirt backed at the top.

In these houses were discovered the bulk of the copper ornaments which

had been interred by the mourning relatives, perhaps under the impression that the dead would need them in the "happy hunting ground." Outside this circle, which marked the charnel house enclosure, relatively few ornaments were discovered.

The task of excavating the mound required four weeks. Sixteen men were engaged in the work which was made very fascinating because of the likelihood of turning up some prehistoric relic with every spadeful of dirt.

Curator Mills was especially gleeful yesterday in snowing the results of his summer's work, which are now carefully under case at the museum. It is his intention to collect the data of the explorations and to set forth the results and the finds made this summer, which have shown up the mound builders under new guises and which have served to add the most important relics to the museums of Ohio's prehistoric remains.

**It Can't Be Beat.**  
The best of all teachers is experience. C. M. Harden, of Silver City, North Carolina, says: "I find Electric Bitters does all that's claimed for it. For Stomach, Liver and Kidney troubles it can't be beat. I have tried it and find it a most excellent medicine." Mr. Harden is right; it's the best of all medicines also for weakness, lame back, and all run down conditions. Best too for chills and malaria. Sold under guarantee at F. D. Hall's drug store, 59c.

New models of Fine Clothing at **EMERSON'S.**

## Mr. Stafford Succeeding.

Mr. Frank Stafford of Cincinnati, was in the city Monday evening, shaking hands with his numerous friends. Mr. Stafford was en route home from Somerset, where he has been looking after his property interests. Mr. Stafford is succeeding Mr. J. H. Garrison.

## No Sidewalk Display

All goods on inside of store and everything kept fresh and CLEAN AT CLIFF STURGEON'S BIG STORE. I have gained many new customers by making this new arrangement. Goods look much better inside and I know they are better, and a great many people have told me so, and are encouraging me in the stand I have taken in the matter. They don't want the filth from the streets served on their tables.

Real Jersey Sweet Potatoes, 30c. per peck.

Crackers and Ginger Snaps, 5c. lb.

Chase & Sanborn's fine Coffee 18c. to 35c.

Tin fruit cans, 3 dozen for \$1.

Very best Mason Jars only 50 to 60 cents. There are some being sold that are no good.

If you are a good customer I will always give you first class country butter, as I am making special arrangements with the best butter makers in the country.

Purity Flour, my own brand, only 1.25 per large sack. All other brands at lowest possible prices.

## Real Estate

I have two good customers for modern houses close in and not over \$3000. Must be well worth the money.

## For Rent

If you have a house to rent leave the number and full particulars at my store.

## Cliff L. Sturgeon

Corner Third and Church streets.

asking for the return of Mr. Sparks to this pastorate for another year.

W. R. C. Will Sew.

Ladies' Relief Corps will sew at the Memorial hall all day Friday.

Orchestra Furnished.

Prof. W. C. Schmidt's orchestra furnishes first class music for dances, receptions, weddings etc.; strictly union. Citizens' phone 8902 Red. 15-3

Postmasters' Convention.

Postmaster George D. Heisey left Tuesday for Chattanooga, Tenn., to attend the national convention of class postmasters which is in session there this week.

The new Knapp Felt Hats for sale are now ready at

Chief in Marysville.

Chief of Police Ziegler went to Marysville today to testify against a horse thief on trial there, who was captured and brought to Newark.

Fine Astors.

Mr. C. C. Stouffer of 169 Elmwood avenue, has a fine bed of asters which he is selling at 10 and 15 cents per dozen.

Purchases New House.

Mr. Jacob Wright recently of Summit Station, has purchased a house in Franklin's addition, where he is now making his home.

Loft.

This bread is good every day in the week. It's good all the way through and it keeps good until the last slice is gone. As your grocer for "Loft." f

Senior Year at Andover.

Misses Frances Wright and Louise Norpell left Tuesday morning for Andover, Mass., to resume work in the school there, this being their senior year.

Sanitary Sewer.

Frank Kinney, the contractor, is engaged with a force of men on South Fifth street, in the construction of the sanitary sewer on that street. Mr. John McMullen is the inspector.

Music Education.

Prof. W. C. Schmidt, teacher of piano, violin, clarinet, graduate in Leipzig and Berlin. Terms reasonable. 441 West Church street. New phone 8902 Red. 15-3t

New Excavating Engine.

The new excavating engine secured by Contractor F. H. Kinney to be used on the Pataskala-South Fifth street sanitary sewer, arrived Tuesday morning and was immediately put to work.

Will Address Bible Class.

Elder A. P. Hall will address the Newark Bible Class to which the public is cordially invited, on next Thursday evening, at 7:15, in the library room of the court house basement. No collections.

May Be Disappointed.

Mr. Fred Seiler went to Bruno on Tuesday and was accompanied by his cousin, Mr. James Matthews and Mr. William McDonnell. The gentlemen will pursue the funny tribe and as they are all expert disciples of Isaac Walton, their friends expect to have a mess of fish on their return.

At Work on the Lake.

Employees of the State Board of Public Works are engaged in pulling out and saving off the stumps with a submarine saw, at Buckeye Lake. They are also collecting material and will at once put in the new waste weir near Rosebrough's in Buckeye Lake.

Glass Case Broken in School.

The rush for rush books at the local stores has been something phenomenal during the past week. Saturday evening it was something great. During the rush at the Norton Book Store, the handsome glass display case that stands in front of the store was almost demolished.

Work of Former Newark Man.

In the present issue of Everybody's Magazine, a story appears, "Newport, the Malignant," by Gouveneur Morris, author of "A Pagan's Progress," "Ellen and Mr. Magan" and others. The illustrations for the story were made from photographs taken by Mr. Chauncey H. White, a former Newark man.

Young Men's Day.

Today is known as "Young Men's Day" at the opening week of the Y. M. C. A. The building will open at 7 o'clock this evening and a reception and social time will be held from 7 until 10 o'clock. A program will be given at Taylor Hall from 7:15 to 8 o'clock, and from 8:10 until 9:30 exercises will occur at the gym.

Wright's Aeroplane.

It is all right for air navigation, but when it comes to land navigation on foot, our footplanes can't be beat; also the price must be considered. Just think of \$2.50 shoes, \$2.48, \$3 shoes, \$2.24, \$2.50 shoes, \$1.98, \$2 shoes, \$1.48 and we have them as low as 99 cents. Serrano Shoe Co., three doors north of sky scraper.

Fish Not Suffering.

Miss Host, Jacob Schrader, of the Bruno Hotel, was in the city Monday and denies the statement credited to him that the fish in Buckeye Lake were dying by the ton by reason of the drawing off of the water in Buckeye Lake. Mr. Schrader says that while the water is very low, he does not think the fish have been lost to any great extent by the lowering of the water.

Will Attend Conference.

Rev. L. C. Sparks, pastor of the First Methodist church of this city, will attend the session of the Ohio conference of the M. E. church to be held at Lancaster, beginning Wednesday. At the last meeting of the quarterly conference of the First M. E. church, it will be remembered that a resolution was unanimously adopted

asking for the return of Mr. Sparks to this pastorate for another year.

Ladies' Relief Corps will sew at the Memorial hall all day Friday.

Orchestra Furnished.

Prof. W. C. Schmidt's orchestra furnishes first class music for dances, receptions, weddings etc.; strictly union. Citizens' phone 8902 Red. 15-3

atives and friends here during the past few days, returned home Tuesday.

Mrs. Lee Love and Misses Dessa and Ada Isaacs of Upper Sandusky are the guests of Mr. and Mrs. John Kiefer, corner West Church and Fifth streets.

Mrs. Jessie Starbuck of New Vienna, Clinton county, left for her home after a week's visit at the home of Mr. and Mrs. Clem Coffman, 351 West Locust street.

Mr. Wm. Dunne, a former B. & O. machinist, now employed in the C. A. & C. shops, has returned to Mt. Vernon after spending a few days with his parents.

Mr. Park Fisher, an old time engineer, who is now working on a Tennessee railroad, is here visiting his wife and family. Mr. Fisher will remain about ten days.

Mr. P. M. Donahy of Bladensburg, was in the city Tuesday. He formerly lived in Utica, but has, since 1888 been engaged in conducting a general store at Bladensburg.

Mr. Bayard Webber and daughter, Mary, have returned to their home on West Locust street, after several weeks' visit with the former's daughter, Mrs. F. R. Hunt of Cleveland.

Mr. Phillip Vogelmeier, who has been in New York for several weeks with his wife, returned home Monday evening. He reports Mrs. Vogelmeier as being very much better. She will remain in New York for some time.

Mr. Carl L. Schaller, son of Mr. and Mrs. W. R. Schaller, of 303 West Church street, this city, left Tuesday afternoon for Pittsburgh where he will take a thorough course in the Iron City college.

Mr. George Benner, the South Second street grocer, is confined to his home on Orchard street with an attack of typhoid fever. Mr. Albert Benner is managing the business during Mr. George Benner's enforced absence.

Messrs. William Vogelmeier and Peter Ritzler will not return together from their eastern trip. Peter will start home Wednesday, preferring to have another day with the "Merry Widows" in Philadelphia. Mr. Vogelmeier will start home Sunday.

Mr. Martin Darst of Madison, Mo., is visiting relatives and friends in this city. Mr. Darst is a war veteran and is a member of the Seventy-sixth regiment and has not been in Ohio for 'his past twenty-eight years. He marvels at the improvements and misses many of the old landmarks.

Mr. John W. Vogel of Columbus, proprietor of Vogel's Minstrels, was a guest at Hotel Warden, Monday night. Mr. Vogel came from Coshocton on a late Pennsylvania train, where he had been attending the performance given there by his company last night.

Boys' and Children's Department is filled with outfits for the little ones. Everything complete for the boy's wardrobe at EMERSON'S.

Messrs. Taft and Fokker will have to repeat their handshaking state a few times before all the Republicans are convinced that there isn't some mistake about it.

BLOOD-MAKING TONIC TREATMENT

A Cure for Anæmic Conditions That Is Showing Remarkable Proofs of Cures in Stubborn Cases.

When the body becomes run down, either as a result of overwork, worry or a severe illness, an examination of the blood would show it to be weak and watery. This condition is called anæmia, which is the medical term for "bloodlessness." The common symptoms are paleness of the lips, gums and cheeks, shortness of breath and palpitation of the heart after the slightest exertion, dull eyes and loss of appetite. Anæmia itself is a dangerous disease and it may gradually pass into consumption. It is cured by treating its cause, which is the poor condition of the blood. The vital fluid must be made strong and healthy thereby enabling it to carry the necessary nourishment to every tissue of the body.

Dr. Williams' Pink Pills are the greatest builder of rich, new blood and they have been curing anæmia and other blood diseases for nearly a generation, during which time they have come to be recognized as an invaluable household remedy. The statement of Mrs. Claud Moore, who lives about six miles from Defiance, shows how these pills cure cases that stubbornly resist ordinary methods of treatment. Mrs. Moore's address is R. F. D. No. 8, Defiance, Ohio. She says:

"In 1904, when I was attending Defiance college I would come home all tired out and became very weak. I had always had bright red cheeks but I seemed to lose my color and became deathly white. The physician at Defiance said I was all run down and I took his medicine but grew worse instead of better. My friends thought I was going into consumption."

"My mother had heard of a case that the doctors said was anæmia that Dr. Williams' Pink Pills had cured and finally she said to me: 'The doctor's medicine don't seem to help you a particle and I am going to get you some of Dr. Williams' Pink Pills.' She did and in a week's time I began to feel like myself again. I took in all seven boxes. They cured me and I feel fine now and am in good health. I have recommended the pills to several of our neighbors."

Dr. Williams' Pink Pills are sold by all druggists or sent postpaid, on receipt of price, 50c. per box; six boxes for \$2.50, by Dr. Williams Medicine Co., Schenectady, N. Y.

## MAINE'S ELECTION IS COLD COMFORT FOR REPUBLICANS

The Republican managers claimed with apparently great confidence that their majority in Maine would be 15,000. But when they felt like preparing for a slump they asserted that 12,000 majority would be a "big Republican victory." Now, the returns from Maine's election held Monday, give the Republicans barely a majority of 8,000. The result in Maine, therefore, cannot be regarded as at all satisfactory by the Republican managers.

## SPLENDID SITUATION IN OUR OWN DISTRICT

The following reference is made to the condition of affairs in the Seventeenth Congressional district in the Sunday Enquirer's dispatches on state politics:

"Thus far the Republicans have made no nomination in the Seventeenth district against Congressman W. A. Ashbrook, and the indications are that it will be a vain performance to do so. One gentleman who was asked to stand for the place declared he would wait two years, for the reason that the district this year would give 5,000 Democratic majority."

Our friends, the enemy, are sizing up the situation in this Congressional district with "credible correctness." The fact is it is so plain and unmistakable that our bustling Congressman, Mr. Ashbrook, will be re-elected by a majority of at least 5,000, that no Republican in the district has the hardihood to dispute it.

Arrangements are going forward for the Democratic campaign opening at Mansfield, Saturday September 26, which will be promulgated by the State committee as soon as completed. All the candidates on the State ticket will be present and will have a part in the opening program. It will be one of the most notable gatherings of Ohio Democrats in the history of the State. Quite a number of Newark and Licking county Democrats have already signified their intention of attending the meeting.

The echo of the Republican campaign opening at Youngstown is still heard all over the state. The thing that is rankling in the breasts of the hosts of workingmen is the action of the steel trust in furnishing kaiser uniforms to 10,000 Hungarians, Slavs and Roumanians and having them in the parade; these 10,000 foreigners have taken the places of 10,000 Americans. In order to make a showing for the Republican party the steel trust had these foreigners in the parade. The American workingmen of Ohio are doing a lot of thinking.

The fact that Taft and Hitchcock have abandoned the "front porch" of brother Charlie's campaign and will substitute a speaking campaign, is an open admission that they are afraid of Mr. Bryan and also that they must scurry and take notice of what Mr. Bryan is saying. Manager Hitchcock says Taft will be sent into doubtful waters. As Ohio is named as one of the states for a speech we are to understand that Taft regards his home as a doubtful.

## TAFT, THE IMPERIALIST.

(Philadelphia Record.)

With all the respect that is due the Presidential candidate of a great political party, forbearance is extremely difficult when he transcends the limits of partisan toleration. In his stumping tour Mr. Taft has more than once repeated the stale and false assertion that the Democratic party and William J. Bryan, as one of its leaders, in opposing the policy of imperialism were guilty of provoking the insurrection in the Philippines. No matter by whom asserted, whether by the Republican candidate for President or by the most reckless of his followers, this calumnious attempt to indict half the American nation deserves the most emphatic condemnation. What else is it than a charge that all the opponents of imperialism, Democrats and Republicans, are traitors to the country and guilty of all the bloodshed in the Philippines? This, to say the least, is a very convenient if a quite unscrupulous way of shifting a grave responsibility.

The policy of imperialism of which Mr. Taft was the principal agent at Manila for a number of years never had as able and vigorous an opponent as the late George F. Hoar, Republican Senator from Massachusetts. His eloquent speeches in denunciation of a policy at war with American institutions have by no means lost their impression upon the country. They will inspire many a vote against the Presidential candidate who is the foremost champion of the imperialistic scheme of holding millions of brown men in remote lands in colonial subjection.

## GARY PRAISES ROOSEVELT.

Recent developments in the steel industry find sufficient verification in the remarks of Elbert H. Gary, head of the steel trust in this country, at a dinner given in his honor in London by foreign steel manufacturers.

The steel trust having acquired almost complete control of the iron and steel industry in this country, Mr. Gary is at work to "bring together the steel operators of the world," according to the dispatch from London. This means an international trust, the next development after national monopoly.

Explaining the "system" of the United States steel trust, Mr. Gary said there was no agreement to control prices, restrict output or divide territory, but "the companies kept one another fully informed, each recognizing the rights and interests of all the others." By this method, which Mr. Gary calls "co-operation," prices were maintained and the plan proved successful. For similar reasons Mr. Gary urges that "the manufacturers of iron and steel in all countries should be WORKING TOGETHER, with and for one another."

In the course of this advice Mr. Gary passed to praise President Roosevelt who, he said, "has been sometimes misunderstood if not misrepresented." Then Mr. Gary added: "He is not an enemy of capital or of business prosperity."

This tribute to the blustering enemy of "malefactors of great wealth" coincides with what a Wall street stock market report of July 28 had to say of the speech of acceptance of the President's heir apparent: "The speech may sound somewhat unfavorable from the railroad point of view, but Wall street believes that Secretary Taft's public bark does not necessarily portend a serious bite later on."

And that speech was edited at Oyster Bay before it was delivered in Cincinnati.

Arrangements are being made for a tremendous Bryan meeting at Columbus, Wednesday, September 23d, and it is the intention to make it a record-breaker—the greatest political meeting ever yet held at the Ohio capital.

The Democratic county ticket will be elected by a big majority because of the integrity and qualification of the nominees.

Wonder what certain Republican newspapers are going to do about these prominent Republicans they commended from the party a few months ago?

The National, State, Congressional and Judicial Democratic tickets are excellent with one exception while the Licking county ticket clearly stands

section and who seeks to clothe it with the pleas cant of a "love of humanity." None so completely as George F. Hoar stripped the mingled earth-hunger and Jingoism that dictated this imperial policy of its flimsy pretensions of philanthropy.

When Senator Hoar was taunted by Senator Foraker and other imperialists with encouraging rebellion in the Philippines he triumphantly responded by quoting the speeches of Burke, Pitt, Fox, Barre and other Englishmen in defense of the cause of the American Revolution. These patriots were defending the liberties of the English people against the tyranny of George the Third and his Ministers as much as the liberties of their kin beyond the seas. For this noble stand they lost nothing in credit with the English nation or with posterity. Nor has the fame of George F. Hoar as a statesman and patriot been lessened by his efforts to prevent the deadly virus of imperialism from destroying American love of constitutional freedom.

If Mr. Taft thinks otherwise let him go into Massachusetts and assail the memory of George F. Hoar, as he assails Mr. Bryan, for opposing colonial rule over the Philippines as conquered provinces. But he will not dare it. He finds it safer to attack the memory of the foremost of anti-imperialist patriots by implication. If for nothing else than his love of imperial and autocratic rule the Republican candidate for President deserves the condemnation of the American people in this contest.

In the same class. The candidates named are able, worthy and honest men, and it may be safely asserted that no better tickets have ever before been presented to the people of Licking county.

## PATTISON CANNOT ANSWER BUT GOVERNOR HARRIS CAN

"It may be perfectly true that Judge Harmon was a warm personal friend of Governor Pattison. The question is, Would Governor Pattison vote for Friend Harmon on the Ohio issues?"—Dayton Herald, Rep., Sept. 4.

Well, now, that does look like a fair question, doesn't it! We know that Mr. Harmon was asked by the family to deliver a eulogy at the funeral services of Governor Pattison in his home, and also was chosen to deliver the principal address at the memorial services at a joint assembly of the Ohio legislature held at the state house in honor of the deceased governor.

Governor Pattison can not answer the question asked by the Herald. The nearest we can come to it is Mrs. Pattison's letter of congratulation to Mr. Harmon when he was nominated for governor, and her EARNEST EXPRESSION OF HOPE FOR HIS ELECTION.

But here is a question that can be answered: DID GOVERNOR HARRIS VOTE FOR GOVERNOR PATTISON THREE YEARS AGO?

GOVERNOR HARRIS ISN'T DEAD YET. UNLESS HE CAN ANSWER THAT QUESTION IN THE AFFIRMATIVE HE CAN NOT GIVE A REASONABLE REASON WHY ANY MAN WHO VOTED FOR GOVERNOR PATTISON THREE YEARS AGO SHOULD VOTE FOR HIM THIS YEAR.

## GUILT IS ALWAYS PERSONAL

The necessity of individual punishment for corporate crime is well set forth by Judson Harmon in the correspondence in the Paul Morton Atchison rebate case, which was investigated by Mr. Harmon and Frederick N. Judson as special counsel for the department of law. Following is an extract from Mr. Harmon's letter resigning his appointment when the president refused to permit proceedings against the officers but only against the corporation: "What we have said is peculiarly true of the great corporations of our day. They can not be imprisoned, and punishment by fine is not only inadequate but reaches the real culprits only lightly, if at all. The evils with which we are now confronted are corporate in name, but individual in fact. Guilt is always personal. So long as officials can hide behind their corporations no remedy can be effective. When the government searches out the guilty men and makes corporate wrongdoing mean personal punishment and dishonor the laws will be obeyed."

## McKINNON AND GREEN GOOD TO THEMSELVES

## Owned Stock In Banks Which Carried Deposits of State Funds.

When the senate's investigating committee probed the state treasury it discovered that Treasurer W. S. McKinnon and his deputy, Charles C. Green, the Republican candidate to succeed him, were financially interested as stockholders in banks carrying state deposits.

One of the banks at Ashtabula, O., the home of McKinnon, is known as

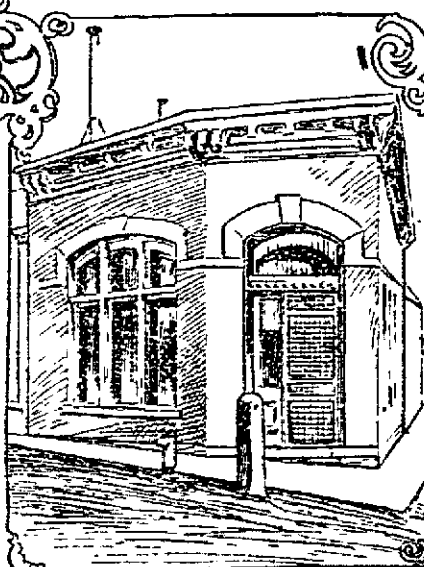

W. S. McKINNON

Present State Treasurer, Whose Deputy, Charles C. Green, is his "heir apparent" as Candidate on the Republican Ticket to Succeed Him.

quity adopted by the house of the Ohio legislature Jan. 14, 1908, Mr. McKinnon at first gave only the total number of depositories and the aggregate deposits, saying: "We have not undertaken to furnish a detailed list of the banks and trust companies in the report having on deposit state funds for the reason that the treasurer deems it inexpedient and not to the best interest of the state, or its depositories or applicants for state deposits, to make such information public, and the treasurer of state believes that if said information were to be made public it might be injurious and possibly detrimental to the best interests of the state and of its depositories." (See journal of house proceedings, Jan. 30, 1908.)

When Mr. McKinnon was asked by the senate committee how much stock he owned in a Columbus bank

ASHTABULA BANK

Of which Mr. McKinnon is President, McKinnon, his family and Green own controlling interest in this bank, which is capitalized at \$100,000 and carried \$100,000 of state deposits.

which had state deposits he replied: "NONE OF YOUR BUSINESS."

Deputy Green, after admitting that he owned stock in two or three banks, was asked: "What banks?" and he replied: "I do not believe you have any right to ask."

At another time, when questioned about his bank stocks, Green said, "I won't answer any other questions along that line."

HOW DO YOU PROPOSE TO ANSWER MR. GREEN WHEN YOU VOTE FOR STATE TREASURER?

In his reply to the resolution of the

## Authoritative Styles Silk and Wool Fabrics For Fall

THE graceful Empire and Directoire styles will hold undisputed sway, and fine chiffon taffetas and satins and satin surfaced silks will be the fabrics used. Delicate old blues; subdued browns; olive, reseda and stone greens; smoke and taupe grays; bordeaux; mulberry; wisteria; cat-awba, are the dominant colors.

Fine broadcloths of lustrous and permanent finish and of chiffon weight will be the leading fabrics for dressy wear, and we have on display immense assortments of these in all colors and black.

Cloth suits for street wear will call for broadcloths, of course, but plain worsted serges and worsted stripes of a subdued nature, or in self colors in herringbone, chevron and shadow effects will be the fabrics most in vogue for street.

Our new assortments include diagonals in wide and narrow wale, in monotones and two color effects, and these will be used both for dress goods and for outer garments.

Crepe weaves are coming decidedly into vogue, and veilings will also be very fashionable.

We show a wide range of chiffon taffetas, and these will be largely used both for petticoat purposes and for dresses and costumes.

Silk voiles and chiffons for afternoon and evening wear.

Our stocks of soft, satiny messalines are complete, shown in beautiful shades, for evening wear.

There is an exquisite showing of Jacquard weaves in silks, all in one color or in beautiful shadow effects. Hair line stripes of white or pale shades on solid grounds are largely shown, and will be very much in demand.

Many other new fabrics are included in our display, among them being taffeta liberty, Satin Directoire and Charmuse satin, all of these having the same general soft, satin finish so necessary for the new clinging styles, which the Directoire vogue has brought into being.

**E. Powers, Miller & Co.**  
NEWARK, N. J.

## DENISON UNIVERSITY WILL OPEN THURSDAY

### Buildings in Excellent Shape Many Improvements Having Been Made During the Summer Months

### Splendid Institution of Learning Offers Many Advantages to the Student Seeking an Education---Interesting Granville News.

Granville, Sept. 15.—Denison University will open on Thursday of this week for the year, and already a large number of students have returned, while many more are arriving on every train, among them many new ones. The university will open with chapel on Thursday morning at 8:45 o'clock. The buildings are all in excellent shape, many improvements having been made during the summer months. Among the large number of new students this year will be many from Newark. During the past several years Newark has realized more than ever the advantages possessed by Denison University as a school of learning and as a result heads of families are sending their sons and daughters to the school, which has few equals and no superior in the state. The university offers a great many courses leading to the three degrees, Doctor of Arts, Bachelor of Science and Bachelor of Philosophy. In each of these degrees, there are many specialties, for example in science they may specialize in physics, in chemistry, in zoology, in botany, in mathematics and in engineering. Each one of these departments in science has one or more professors who give him whole time and attention to that branch of science. In a similar way in the other degrees they may specialize in history or in the Ancient Languages or in the Romance languages, such as French, Italian and Spanish, or in English, or in other lines, each of these having a separate professor, devoting his entire time to that branch, whereas formerly in our American colleges one man would attempt to cover several of these.

Well equipped chemical, geological and physiological laboratories afford the best opportunities for making scientific investigations. Scientific students are given a thorough course in surveying, and today many Denison students hold fine positions as engineers all over the United States.

Dr. E. W. Hunt, who for a number of years has filled the position of president of the university, is well known by many Newark people. Dr. Hunt has proved himself in every respect worthy of the position he now holds.

Shepardson College for Women, which is a branch of Denison University, offers to young women who wish to obtain a liberal education, advantages equal to those enjoyed by young men in institutions of the highest grades. Miss Harriet Barker, one of the best known educators in the state, is Dean of the college.

Leaves are already beginning to fall from the trees in great profusion, and it will not be long until bon-fires will send up their smoke from every quarter of Granville. People should remember three things in connection with these leaves. First, they make the finest kind of manure; second, it is no very pleasant thing to your neighbor to have his home filled with smoke of burning leaves; third, if you do burn them be careful and do not permit children to play around the fires.

The Spokane, (Wash.) Chronicle, containing the following relative to the death of Mrs. Malessa E. Spizer, wife of S. F. Spizer of Granville, which recently occurred in that city: "Mrs. Malessa E. Spizer, who, with her husband, S. F. Spizer, has been visiting in Spokane for the last two months, died at the home of her daughter, Mrs. W. H. Weldon, 2736 Twentieth avenue. The deceased leaves two other daughters, Miss Ruth and Miss Abigail, and a son, Paul, all of whom reside in Spokane. All her life Mrs. Spizer has lived in Granville, Ohio, until coming to Spokane two months ago. In her native city she was an active member of the W. C. T. U. and the Methodist Episcopal church. The funeral was held from the daughter's home on East Twentieth avenue, and the burial was made in Greenwood. Dr. C. Ross Baker officiated.

From indications there are many in Granville who expect to vote for the candidate, who, in their opinion, is better qualified to discharge the duties of the office which he seeks, rather than just vote for him because he is a Republican. There will be some surprises in the coming election when it is needed above all are men of

honor, integrity and competence. No man should be elected to any office who is not fit in every way to fill that office and transact its duties. Let the voters work for the best men and then a better government of things will follow in every department in the political structure.

We are needing rain very badly. The green lawns, so beautiful through the whole summer, are dry and dead. The dust makes out-of-door life disagreeable and is very annoying. It is to be hoped that the present experience is proving forceful argument in favor of keeping the streets sprinkled later in the season than has heretofore been done.

Work in the public schools, which began last week, after a long vacation, is now well under way. The third child, who entered for the first time, the eager youth who has had some school experience, and the hopeful high school pupil all make an assemblage of which Granville is justly proud. Superintendent Clemens and his able corps of assistants, report a most excellent start in the year's work.

Comparatively few Granville women ride bicycles at present, and the number is growing less each year. Time was when many a young woman thought she was not in the swim unless she was the owner of a bicycle, but the fad is a fad no longer.

Revs. Rose and Holmes of this place, attended the annual meeting of the Ohio Baptist Association at Coalition on Friday last and addressed the association.

Mrs. F. L. Ferguson left for Dayton Tuesday afternoon where she will be a guest at the home of Mr. and Mrs. W. F. Chamberlin for two weeks.

Miss Margaret Chaffee of Kalamazoo, Mich., who is teaching in the Welsh Hills district school, spent Sunday with friends in the village.

Mr. and Mrs. C. M. Noble of Harrisburg, Pa., who have been visiting relatives east of the village for the past week, left for Cincinnati Monday, where they will visit their son, Jasper a short time before returning home.

Ralph Miller, D. U. '03, who is now holding a position in Chicago, spent Monday in the village.

Mrs. Zella A. Dixon expects to leave Saturday to fill her position as librarian in Chicago university.

Miss Fannie Harris of Hamilton, O., is visiting friends here for a few days. Miss Betty Jones entertained a number of friends Friday evening with a slumber party.

After a pleasant visit with relatives and friends here Miss Hanna Evans has returned to her home in Columbus.

Thomas Hargin, a prominent farmer of Morrow county, was in the village Monday for a short time.

Mr. Linn Hattersly and Paul Alexander, managers of this year's Denisonian, have returned to the village and will be on hand when college opens Thursday morning.

The walls of all the rooms in Stone Hall have been beautifully tinted.

Miss Margaret McKibben is visiting Miss Grace McClelland at her home in Fredericktown.

Miss Katherine Nichols of Urbana, Ill., who has been visiting in Granville for the past few weeks, has returned home.

Miss Ada Allieret and Freeman Chrysler, who have been spending several weeks in Columbus and Marysville, have returned to their home, having had a most enjoyable time.

Mrs. Sherman White of Bucyrus, visited her parents, Mr. and Mrs. John Larimore, Sunday.

Very attractive values in Suits and Overcoats for men and young men who want garments of style and quality, at EMERSON'S.

A visit to EMERSON'S Clothing Store, Cor Third and Main will prove instructive. There they will show you what to wear well, what will wear well and how to do it economically.

The difference between an airship and the price of meat is that the latter will never come down fast enough to hurt anybody.

Distinctive models of advanced fashion in suits and overcoats can be seen now at EMERSON'S.

## TAFT

### Also Makes Speech Records for the Edison Phonograph

WE are now able to offer twelve Records made by William Howard Taft for use on the Edison Phonograph.

The selection of Edison Records by Mr. Taft as a vehicle for giving the telling points of his Speech of Acceptance the widest currency is another tribute to the genius of Edison and the Phonograph which he has made.

Some newspapers say that Taft is unwilling that Bryan should monopolize so useful a campaign ally as the Edison Phonograph. Whether that is true or not, here are the Edison Records made by Taft himself, giving his voice and inflection upon subjects of interest to every voter.

Whether you hear Taft speak personally or not, you can get almost the same effect by listening to these Edison Records.

The twelve Taft Records are as follows:

Foreign Missions	The Philippines
Irish Humor	Enforced Insurance of Bank Deposits
Republican and Democratic Treatment of Trusts	Jury Trial in Contempt Cases
The Rights of Labor	The Farmer and the Republican Party
Unlawful Trusts	Right and Progress of the Negro
Function of Next Administration	
Roosevelt Policies	

These Records may be heard at all Edison dealers. 35 cents each. NATIONAL PHONOGRAPH CO., Lakeside Ave., Orange, N. J.

### A CASE OF MISPLACED CONFIDENCE

You say you are using filtered water. Then you have clear water. But where is the filter that is going to strain out an organism so small that millions are contained in one tiny drop? Where the water goes the germ goes. And even the few that didn't get through are clinging to your filter and multiplying with inconceivable rapidity, so that you get a double dose next time. It is not pleasant to think of, neither is the result pleasant, for even if you escape serious illness you suffer from minor disorders from the same cause. If you would have perfect health you must have cleanliness in all things.

Why bother with filters which improve the appearance of the water only, when we can provide a guaranteed spring water, combining sparkling beauty with absolute, tested, original purity. Costs so little. It is so pleasurable. Ask for free sample Chalybeate Spring Water, Office, 1642 North Park. Phone 7121 and

Best the World Affords.

"It gives me unbounded pleasure to recommend Bucklen's Arnica Salve," says J. W. Jenkins, of Chapel Hill, N. C. "I am convinced it's the best salve the world affords. ## SECOND

Game Between Elks and Masons Will  
Be Played at Wehrle Park Friday  
Afternoon.

Even though the regular league season closed Sunday, the ball fans of Newark will be given another opportunity to see a contest of the national sport, and this will be played Friday when the Elks and the Masons meet for the second time this season at Wehrle park. The first game which was played August 1, was won by the Masons by the score of 10 to 9, when they made a great finish in the eighth inning and scored six runs across the plate.

Even though the score was large, yet the game was a good one and was full of fast snappy playing. As both teams have been working out hard for the past several weeks, the game Friday will be a good one, as both teams are well matched, and a good crowd should be present when the gong rings at 3 o'clock for the start of play. The lineup of the two teams will be announced later.

## MAJOR BRADFORD DUNHAM.

Many employees of the B. & O. in Newark and all along the trans-Ohio divisions of the B. & O. railroad, received with deep regret the news of the death of Major Bradford Dunham, which occurred at his home in Birmingham, Ala., on Monday. Mr. Dunham was general superintendent of the B. & O. road from 1883 to 1884, and made his headquarters in Newark. He was made general manager of the B. & O. in 1884, remaining in that position until 1887 when he went with the Plant System, with headquarters in Birmingham. His remains will be sent to Montgomery, Ala., for interment. During Mr. Dunham's residence in Newark he made hosts of friends and he was accounted one of the best railroad men in the country.

FREE  
PILE  
CURESENT TO DEMONSTRATE THE  
MERITS OF PYRAMID PILE  
CURE.What It Has Done For Others, It Can  
Do For You.

We have testimonials by the hundreds showing all stages, kinds and degrees of piles which have been cured by Pyramid Pile Cure. If you could read these unsolicited letters you would no doubt go to the nearest drug store and buy a box of Pyramid Pile Cure at once, price fifty cents.

We do not ask you to do this. Send us your name and address and we will send you a trial package by mail free. We know what the trial package will do. In many cases it has cured piles without treatment. If it proves its value to you order more from your druggist. This is fair, is it not? Simply write us a letter giving your name and address and we will send you the trial package by mail in plain wrapper free. Address Pyramid Drug Co., 164 Pyramid Bldg., Marshall, Mich.

EMERSON'S.

## THE REAL RESPONSIBILITY.

The Damages Should Be Charged to the Lighting Plant.

The supreme court of Texas has recently rendered a decision in line with decisions in several other states. In City of Greenville versus Pitts it was held that where the wires connecting with a city lighting plant ran along a partition wall above the roof of a building it was the city's duty to the owners of the buildings and their servants and to others having a legal right to use the roofs to maintain such wires in a safe condition. Unfortunately when damages are awarded under such decisions the general funds of the city and never appear in the accounts of the lighting department, where they belong. If they were debited against the lighting plant it would help people to understand that a city cannot evade any of the costs of private operation, although it may seem to do so through bad bookkeeping, and incidentally that proper bookkeeping would show municipal cost to average higher than private cost.

**Russifying America.**  
The ordinary citizen whose relations with the postoffice are confined to sending letters and an occasional paper and to receiving such mail as the postoffice authorities consider it proper for him to receive is unlikely to realize how oppressive this branch of our government may be.

We regard with amused contempt the efforts of the Russian bureaucracy to keep the people in ignorance by blackening out from foreign papers such paragraphs as its officials regard as likely to be injurious. But most of us are not aware that a similar system is relentlessly carried on by our own bureaucracy, the only difference being that an issue which offends in a single paragraph or advertisement is returned in toto to the publisher. Of the two methods the Russian is the more intelligent and the less oppressive.

## TESTED AND PROVEN.

There is a Heap of Solace in Being  
Able to Depend Upon a Well-  
Earned Reputation.

For months Newark readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy every produced such convincing proof of merit.

M. B. Melick, 61 W. Church St., Newark, Ohio, says: "I highly recommend Doan's Kidney Pills as I used them for kidney trouble and obtained great benefit. I had a constant dull aching across the small of my back which would change to sharp twinges whenever I stopped or overexerted myself in any way. I also had pains in my hips, sometimes so severe that I was forced to take to my bed. I tried liniments and used numerous remedies but obtained no relief until Doan's Kidney Pills were finally recommended to me and I procured a box at Crayton's drug store. After a short use I found them to be just the remedy my system required as they banished my troubles and I have had no return of them since." (From statement given November 5, 1904.)

## CONFIRMATION PROOF.

On Nov. 26, 1907, Mr. Melick said: "I gladly confirm everything I said in my former testimonial for Doan's Kidney Pills, as I have not suffered from backache or rheumatism since they cured me. I am convinced that Doan's Kidney Pills deserve all the praise given them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

## OBITUARY

## OBITUARY.

Donald Irven Naragon, son of Jesse M. and Nettie Naragon, Amsterdam, Ohio, was born November 29, 1900, and died September 9, 1908. The circumstances and trying ordeal surrounding this little sufferer's death were such as come to few parents. Donald had been sick since May, and all that loving hands and skillful treatment could do proved of no avail.

In the hope of receiving some benefit his father took him to Mr. Clemens, Mich., to the famous baths, but noting that no improvement was resulting, had started home with him. He had reached Cleveland, O., where his condition grew so grave that he had to be taken from the train and medical aid summoned. But the angel of death was not to be denied his own, and his spirit passed into the great beyond in the midst of strangers, save his father. This little child in his death left a lesson for the living not surpassed by many who have lived their allotted three score years and ten. A few minutes before death came he threw his arms about his father's neck and said, "Oh, papa, I'm going to die," and then, although in health he had been unable to sing or carry a tune, he sweetly sang: "Jesus, lover of my soul, Let me to Thy bosom fly, While the nearer waters roll, While the tempest still is high, Hide me, Oh, my Savior hide, Till the storm of life is past; Safe into the haven guide—Oh, receive my soul at last."

Even in the depths of deepest shadows in the dark valley, he saw the face of his Savior; earthly friends were as naught and we are led to exclaim, "Oh, to God, that our boys and girls, as well as older ones, when the hour of dissolution draws nigh, can, with the faith of this little child, look beyond this vale of tears and behold our Redeemer." He is gone beyond our mortal vision, and although near and dear, we would not if we could, call him back, knowing, as we do, that he is infinitely better off than we who are left behind. We can but accept the cross and bear it, believing that the bud will yet bloom and bear fruit in the angel land whither the spirit of this pure child has so early flown.

W. T. N.

**HENRY THOMAS.**  
Mr. Daniel Thomas, of West Locust street, received a message Tuesday morning, announcing the death of his youngest brother, Mr. Henry Thomas, at his home in Red Oak, Iowa. Two news came as a shock, as Mr. Thomas had not heard of his brother's illness and his death is believed to have been sudden.

The deceased came to Newark from Wales, accompanying his parents in 1868. He attended school in this city for a while, and will probably be remembered by the older citizens. Beside Mr. Daniel Thomas, one other brother remains, Griffith, of Red Oak. The deceased is also survived by a wife, four sons and two daughters, all married except the youngest daughter.

**DEATH OF AN INFANT.**  
Carl Enfield, six months old son of Mr. and Mrs. Lynn, died at the home of his grandparents, 148 East Main street, at 1 o'clock this morning after an illness of four weeks.

Short funeral services will be held Wednesday afternoon at 2:30 o'clock at the East Main street home and interment will be made at Cedar Hill cemetery.

ment will be made at Cedar Hill cemetery.

## MRS. JESSIE JOHNSON.

Mrs. Jessie Johnson, aged 26, died Tuesday at 9:30 at the home of Bell Davis, 135 Railroad street. The funeral will be conducted at the house by Rev. W. H. Coleman, of the A. M. E. church, Thursday at 2:30 o'clock. Interment in Cedar Hill. Three brothers survive.

## CARD OF THANKS.

To the many friends of Mrs. N. C. Brown, Sr., deceased, along with the awful loneliness and heartache, that have come into our lives with the sudden loss of wife and mother, we, the husband and children feel a deep gratitude to the host of friends for their love and devotion which through these dark days they have so freely manifested for our beloved one. We know that the great number of attentions and of floral offerings at this time are only tokens of their great love and esteem in which our wife and mother was held by all those who knew her. Her love was boundless and reached out for beyond the limits of home and family, to all her friends. We who knew her best loved her most and feel an irrefragable loss. It is a great comfort to know that she was loved by so many. And to all who in any way manifested to her and us in this greatest sorrow that has ever befallen us, we desire to hereby express our deepest gratitude. N. C. Brown Sr., and Children.

## CARD OF THANKS.

We desire to thank our friends and neighbors for their kindness during the illness and death of our darling baby, Charles; also for the beautiful floral offerings. Mr. and Mrs. Chas. Kaercher and children.

The Showman cider mill will make cider on Wednesday of each week. 15d3t\*

**PEDDLER KILLED AT GALION.**  
Galion, Sept. 15.—Oliver Kane, a peddler, aged 70, for many years a resident near here, was struck by a Big Four train north of this city and instantly killed. He was frightfully mangled.

## DYNAMITE INJURES MANY.

Sedalia, Mo., Sept. 15.—A carload of dynamite on the Missouri, Kansas & Texas local freight train exploded in front of the depot at Windsor, 20 miles south of here this morning. More than a dozen persons were injured, of whom several will likely die.

## FIRES AGAIN DANGEROUS.

Calumet, Mich., Sept. 15.—After dying down for 48 hours, forest fires in this vicinity sprang up today at noon at Calumet and the Hecla Mining company sent a large force of men to Lakeview, three miles north, to fight the flames.

## FAMILY YACHT CLUB.

The Robinsons of Suffolk County, N. Y., Join in Unique Organization.

Out in eastern Suffolk county, N. Y., a unique yacht club has been organized. Its membership is limited strictly to members of the old Long Island family of Robinsons. There are enough Robinsons to start a club on a small scale, and it is intended as the family increases to enlarge the club membership. The roster at present includes members whose ages range from twenty to eighty-four. The oldest member is in no respect behind the youngest in his enthusiasm. He enjoys the club and its outings as heartily as any member.

The Robinson Yacht club has its headquarters at Patchogue. It was organized in August, the officers elected being: Commodore, Seymour H. Robinson; vice commodore, Charles T. Robinson; rear commodore, Elsworth P. Robinson; fleet captain, George L. Robinson, and secretary and treasurer, Joseph J. Robinson. The Robinson coat of arms, which was established in England in the fifteenth century, is to be the club emblem and appear upon its burgee.

Phineas T. Robinson of Sayville is the oldest member. He is in his eighty-fifth year. He predicts that he will yet see the Robinson Yacht club of Long Island one of the strongest clubs of Great South Bay. He says that next season he hopes to sail in some races with rival clubs.

## "Fig Leaf Silk" Style in Paris.

Fig leaf silk is the newest dress material now being used by Paris modistes. It is claimed to be more durable and handsomer than the ordinary silk which comes from mulberry trees. The raw material for the new silk is made by a species of silkworm in Uganda which feeds on fig leaves.

## Novelty in Wheelbarrows.

## DIRECTORS

The directors of the Newark ball club met last night in executive session and considered the past season of the club. No business of importance was transacted.

## CAPTURED YOUNG CRANE.

People residing in the vicinity of Locust and Church streets were considerably excited at an early hour on Tuesday morning, when to them a strange bird settled in the street immediately in front of the residence of Mr. Frank Gleichauf. Mrs. Gleichauf ran out into the road, and without much trouble succeeded in capturing the bird, which is said by those who ought to know, to be a young crane. It is a very young bird and had evidently become tired and lost and settled in the road to rest. When its wings are outspread it has a measurement of nearly four feet.

## BOND ORDINANCE IS PASSED BY CITY COUNCIL

### Tax Payers Will Have Chance to Vote on Proposition to Issue \$100,000 Worth of Bonds for Completion of Water Plant

### Ohio Electric Railway Company Hauled Over the Coals---Mr. C. W. Montgomery, of Library Board Made Detailed Report---Ordinance and Resolutions.

On the basis of reasoning that the question will have to come to a vote of the people sooner or later, and that about \$1000 can be saved by voting upon it at the coming election instead of having a special election next year, an ordinance was passed in the City Council last evening declaring it necessary to issue city bonds for sale in the amount of \$100,000 for the completion of the municipal waterworks plant and system.

The ordinance was introduced by Councilman Orr and after some discussion it was put to its second and third readings and final passage. Mr. Fulton addressed the council on the question, stating that when this vote on the additional bond issue was at first suggested he felt against it, but later came to the conclusion that it was a matter on which the citizens of Newark should be given an opportunity to express themselves. In support of the ordinance Mr. Fulton said that the city would be saved about \$1000 by voting on the question now, and that it was bound to come to a vote of the people sooner or later. He noted that the city could expect no revenue from the water works plant until a filtration plant was installed and the pipe lines extended to the parts of the city not now provided for. He stated that he believed a reservoir would also be found necessary, and that the issue of \$100,000 would provide for all these things.

Mr. Kuster arose and stated to the council that he was not in favor of the issue of bonds in that amount, and never would be, and that he would vote against it. However, he believed it should be put to a vote of the people, and if they wanted it, all right. He stated that the plant could be completed for less money and that the expenditure of \$40,000 of \$50,000 for the construction of a reservoir appeared to him to be an unnecessary use of money.

Mr. Orr also made a plea for the popular vote on the question, saying that the \$100,000 should have been voted in the start, instead of the city being compelled to have its hands tied from year to year with these \$85,000 appropriations. He said that he hoped the same mistake would not be made now, as enough mistakes had occurred on the water works deal already.

A resolution, by Fulton, providing for the payment of \$200 on the water works investigation, \$150 to be paid to B. F. McDonald and \$50 to J. A. Smith, was lost by a vote of four to two, one member not voting. This resolution called for this sum to be paid out of the \$300 appropriation for this purpose. Mr. Fulton stated that it was claimed that the \$300 was not properly appropriated, and that some money would be necessary to the continuance of the investigation, which has been held up for some weeks on the claim that the fund was improperly appropriated.

The Ohio Electric railway company was pulled into the toils again Monday night, and it looked for a while like a warm discussion would follow on the subject. "Similarity of Private and Corporate Interests." The discussion got a good start and was beginning to wax warm when Councilman Flohr came to the rescue of both sides with a motion that the question be referred to the street committee. The motion prevailed.

The argument all started when Councilman Fulton presented his resolution providing that the city solicitor be instructed to bring suit against the Ohio Electric Railway company to compel it to desist from obstructing Church street, between Second and Third streets, with freight cars.

Mr. Kuster championed the cause of the company and was supported by Mr. Baker, while Messrs. Fulton and Irwin represented the opposition. Mr. Kuster protested against the action on the grounds that the company was not inconveniencing anyone to a very great extent; that the fact that the company had its freight station so centrally located was an advantage to business men and shippers even in the absence of a freight house; that whatever little inconvenience was caused by the cars standing on the switch while unloading, was small in proportion to the advantage to business men.

Mr. Stare stated that there were

other obstructions on Church street that were as annoying, mentioning the stationing of autos, rigs and conveyances in front of the livery stables, blacksmith shop and physicians' offices there.

Mr. Baker supported the statements of these men, claiming that there was little obstruction by the cars on that part of Church street.

Mr. Fulton replied that the company had increased its capital stock a few hundred thousand dollars and he believed was sufficiently well "heeled" to erect a freight depot in this city; that the company had ignored the city's order to sprinkle its tracks, but was sprinkling in Zanesville; and that the company had otherwise showed its tendency toward being a bad child and disobedient, and that he felt like compelling the company to obey the orders of the city in all matters.

It was at this juncture that Mr. Flohr came to the rescue with his motion to refer to the street committee.

The gas business got a jolt Monday night, too. It seems that the Newark Heat and Light company, known as the Heisey company, had been transporting gas through the city under a number of small franchises granted at various times. An ordinance was introduced by Mr. Kuster granting the company permission to transport gas through the city. Mr. Kuster stated that he was hoping this ordinance was a step toward letting the Heisey company sell gas in the city, but Mr. Fulton replied that there was no use hoping that, for the Ohio Fuel company had Mr. Heisey under a contract with them and that they were shrewd enough to buy outright or lease the supply of every company that attempted to get near supplying Newark with gas.

The ordinance was placed on its second and third readings and passed under suspension of rules.

C. W. Montgomery of the library board, gave a detailed report to the council, showing the progress that the library has made in a trifle over a month that it has been established. He stated that the funds of the library were very limited, only about \$300 having been received in cash. The trustees are said to have advanced quite a sum. Mr. Montgomery stated that the reading room was at present equipped with 1026 volumes and 18 yearly magazine subscriptions, while a few cash donations have been received for the book fund. He stated that although the books have only been let for the past two weeks, there is a participating membership to the library of 238, and that Monday there were 125 books out. A vote of thanks was tendered for the report, at the suggestion of President Rossell, who gave hopes that the City Council might soon be able to offer some aid to the project.

Mr. Kuster, of the finance committee, stated that that body would include the city library in its appropriation the first of the year. Mayor Atherton's report was received and filed. Collections for the month in fines, licenses, etc. equalled \$58.

A special report covering the conditioned consent of the Licking County Agricultural society to the opening of Williams street from Riley to Union, was also received and filed.

An ordinance was passed whereby that portion of the city known as "Texas," heretofore considered a part of the First ward, is transferred to the Second ward, for the convenience of the voters of that part of the city. This ordinance was passed on application of the deputy state supervisors of elections, endorsed by the committee men of both the county Democrats and Republicans.

A resolution, by Flohr, providing for the repairing and placing into service of the market house bell, was adopted. Instructions were issued to the Board of Public Service to proceed with the repairs.

A resolution introduced by Mr. Fulton provided that the Board of Public Service take possession of the park dedicated to the city by the Sherwood Improvement company; equip it with benches, otherwise beautify it and make use of it. The resolution was adopted.

A petition was received from property owners on Fourth street, for a cement walk on that street between

Smith avenue and Charles street. Eighteen Union street property owners petitioned for the paving of Union street from Pine street to the city limits. Both were received and filed. Engineer Wells reported that the property owners on Ferry street are encroaching upon the street from five and one-half to three and one-half feet.

## POLICE NEWS

According to an officer who is in a position to know, the report of the fight Saturday night between Officers John Greeley and Charles Daer was greatly exaggerated. Greeley did not hit Daer with his mace, as was reported at headquarters, and Daer was not unconscious as long as was first stated to the officials.

Mr. and Mrs. Jule Walters, who appeared at the Orphum theatre last week, reported to the police that while they were on the stage Saturday night at the second performance, a thief robbed them of jewelry amounting to \$25. A watch, bracelet, an unmounted diamond and a gold knife and some other trinkets, left in a hand bag are missing. An open window, a stick with a bent nail and a pile of bricks against the building under the window shows how the theft was accomplished. It may be a bit of advertisement for Mr. and Mrs. Walters, but the police are working on the theory that the theft was by some boys who were seen near the theatre peering into the dressing rooms of the actors.

Fall Shirts—coat models—with attached or separate cuffs at EMERSON'S.

## NEW BOOKS FOR LIBRARY

The following books have been donated the past week to the public library:

Mrs. Fant, 5 vols.; Chas. Allen, American Boy, 1 year; Mrs. Charles Spencer, 7 vols.; Mr. Chas. Spencer, 12 vols.; Frank Spencer, 1 vol.; Mrs. J. C. Campbell 5 vols.; Mrs. George Stratton, 6 vols.; Mr. J. C. Darlington, 4 vols.; John D. East, 3 vols.

Send us donations of money and books. We need money to buy many new books. Do it now.

Boys' K. & E. Blouse Waists with or without collars at EMERSON'S.

The strangest complaint in the divorce courts noted for some time is that of a woman who wants to leave her husband because he won't dye his red hair to match the new furniture. The alimony should be large and gratefully paid by the husband of such a wife. Some men have no artistic tendencies.

## DON'T BLAME HER

For she cannot help it. Women are often cross, irritable, hysterical, and declare they are driven to distraction at the slightest provocation. Men cannot understand why this should be so. To them it is a mystery because in nine times out of ten this condition is caused by a serious feminine derangement.

A remedy is necessary which acts directly upon the organs afflicted, restoring a healthy normal condition to the feminine system, which will quickly dispel all hysterical, nervous and irritable conditions. Such is

### LYDIA E. PINKHAM'S VEGETABLE COMPOUND

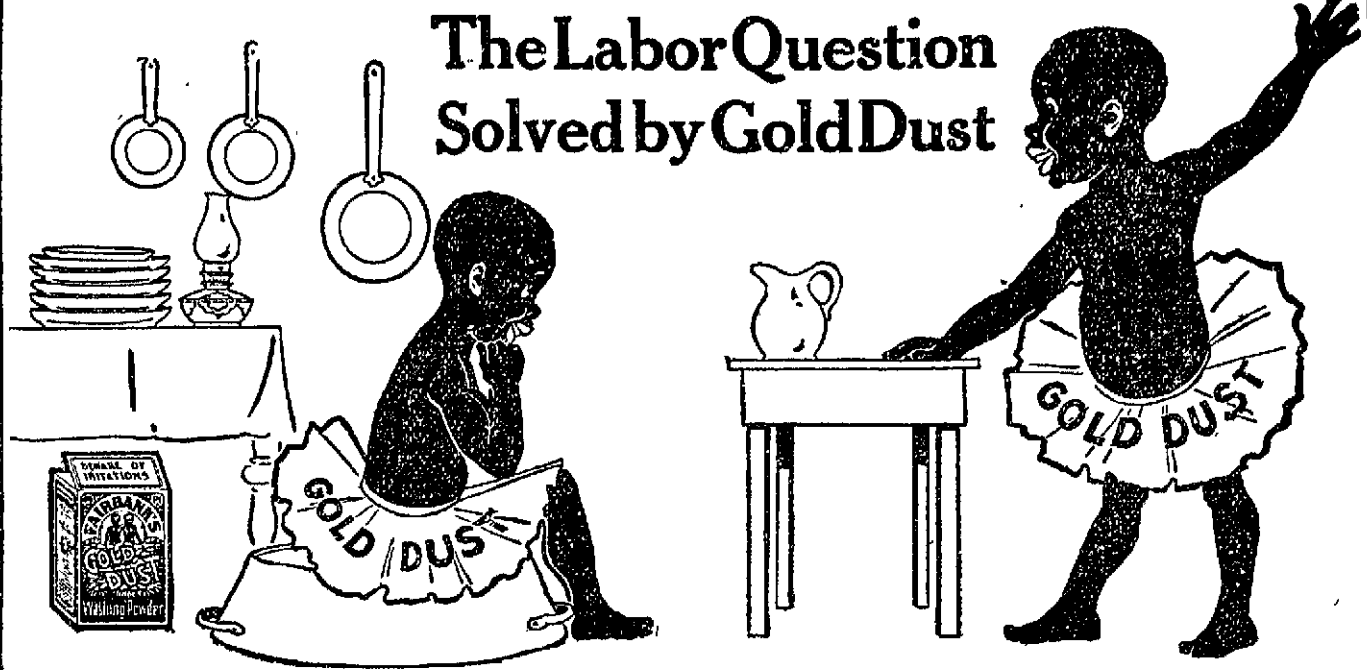

The following letter serves to prove this fact.  
Mrs. Mattie Copenhaver, 315 So. 21st St., Parsons, Kans., writes: "For two years I suffered from the worst forms of feminine ills, until I was almost driven frantic. Nothing but morphine would relieve me. Lydia E. Pinkham's Vegetable Compound brought me health and happiness and made me a well woman."

### FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, nervous prostration, Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

## The Labor Question Solved by Gold Dust

The Gold Dust Twins are always looking for work. They are ready to lift the biggest burden of household labor from your shoulders and shift it to their own. When it comes to cleaning of any kind, they are the most willing and tireless little busy-bodies you ever knew. They work without wage and demand—no Thursday afternoons out.

Gold Dust is a necessity in every well-regulated home. There is no other cleanser which can take its place. Ask anyone who has ever used it, and they will tell you that Gold Dust is the greatest boon ever invented for tired women. Order a package at your grocer's to-day and know what "easy housework" means.

Do not use Soap, Naphtha, Borax, Soda, Ammonia or Kerosene with Gold Dust. Gold Dust has all desirable cleansing qualities in a perfectly harmless and lasting form. The Gold Dust Twins need no outside help.

Made by THE N. K. FAIRBANK COMPANY, CHICAGO  
Makers of Fairy Soap (the oval cake)

"Let the Gold Dust Twins do your work."

## AMUSEMENTS

### AT THE AUDITORIUM.

Auditorium patrons are being offered an excellent program this week, including some rare, new musical numbers. The films for this week are all interesting and instructive and in that way entertaining. But the feature of the program is the best of musical numbers played by Prof. Chas. Smith's orchestra. Prof. Smith has destroyed his old library of music and has laid in a supply of some of the best 1905 works, including overtures, intermezzi, and operatic selections. Numbers of the present week's program winning special comment were "The Two of Us," a polka played as a trombone and cornet duet by Mr. Bun Messmore and Mr. Ralph Johnson. The triple tonguing movement in this number was especially appreciated. In like manner these two players made good with a rendition of "La Miserere" from "Il Travatore," playing from the boxes, giving the same effect as in the correct rendition of the opera.

Another big feature of the program is the descriptive number, "Dance of the Goblins," in which all of the effects are brought into play with the result that one can imagine the arrival of the goblins in the lonely graveyard, at the chime of the steep clock, their retreat at the shot of the watchman's pistol, and their final departure. The work is artistically performed by Mr. Smith's orchestra and the director promises further surprises for music lover this season.

### THE PRESS AGENT SAYS:

One of the events of the theatrical season will be the appearance of "Under Southern Skies," at the Auditorium theatre, on September 19. The play is in the author's most delightful vein and when it is remembered that Mrs. Parker, who wrote, "Under

and romance. The great beauty of the scenic settings, the dainty costuming, the many amusing and diverting characters and incidents, the absorbing love story, and the Halloween celebration and pumpkin dance, all go to make "Under Southern Skies" one of the most delightful and satisfying entertainments now before the public. The company is very large numbering in all 23 acting people, the unusual number of 11 ladies appearing in good parts.

Three crowded houses saw the performance at the Orphum yesterday and went away satisfied, for it would be almost impossible to get four acts together to make a better entertainment. The performance opens with the Watson Brothers, champion finger lifters of the world, and there certainly was no one in the theater yesterday that would doubt their assertion. This act is away out of the ordinary and very interesting. James McDuff under the head of a talented mimic is all that this title implies. His imitations are all true to life and his work of putting on this act shows extensive schooling along this line of amusement. Dave Nolin, the man with the flexible voice, is about the funniest single act that ever played Newark. His range of voice from low D to high C is something remarkable. His act is bound to become a favorite. About the most clever piece of acting will be found in the closing playlet, on by Della Covington and company, entitled "For Her Sister's Honor." This act is one in which two people impersonate seven separate, and distinct characters and between them they make fifteen changes of clothing. There is a plot running all the way through leading up to a grand climax at the finish that brings forth much applause.

The pictures for this week show a fast price fight of seven rounds. DON'T HESITATE A MINUTE. This is no time to hesitate, don't wait another minute, you'll be just that much more ahead the sooner you begin it; it's money in your pocket and great satisfaction. Don't see your old house turned into a building bright and new. Now here's the way to do it, and it's absolutely so—I really is an awful shame more people don't know—just by Aurora House Paint it certainly is grand, it covers well and wears like well, it's sold throughout the land. Aurora Mixed Paints are a combination ally and honestly made by The Maratta Paint & Color Co., Marketville, Ohio. Sold by Newark Paint Co., 31 W. 14th Church street.

Just Exactly Right. "I have used Dr. King's New Life Pills for several years, and find them just exactly right," says Mr. A. A. Felton, of Harrisonville, N. Y. New Life Pills relieve without the least discomfort. Best remedy for constipation, biliousness and malaria. 25c. at F. D. Hall's drug store.

## A Talk On An Oily Subject

Some interesting, inside facts, not generally known.  
"PURE" is usually supposed to denote the highest quality of OLIVE OIL, but such is by no means always true. Without exception the Olive Oil imported here is the second and more often the third pressing—which though pure, is very much inferior to the first expressed.  
The best article obtainable in this market is the California product—THE SYLMAR BRAND. This oil is obtained entirely from the first pressing of the fruit, and is not only strictly pure, but of the very highest medicinal quality and also very palatable.

We supply this at the price usually charged for ordinary grades, and will be pleased to have it compared with any other product.

"WE WANT YOU ON OUR BOOKS"

# SUNRAY GAS HEATERS and GAS RANGES

The Satisfaction Kind. It needs but a little study of the sectional cut shown here to satisfy you that Sunray Heaters contain the three essential features necessary to make a perfect Gas Heater.

**FIRST—Combustion.** It has a system of goose neck burners with adjustable air mixers that mix the air and gas properly, and then the combustion takes place in a basket of the finest porous clay fuel, which becomes intensely hot, and a current of fresh air is passed through the hot mass, and thus a large amount of oxygen of the air is consumed, producing a very hot fire, using the smallest possible per cent. of gas.

**SECOND—Radiation.** The entire outside body of the Sunray is active radiating surface, and as shown in cut, we add a number of circulating tubes directly over the fire in the hottest part of the stove, thus adding a large amount of radiating surface in close contact to the fire, the heat is then obliged to pass times before reaching the flue, thus it will be seen that the air in the circulating chambers, over and back of the fire chamber, and in the tubes becomes very hot and then arises in a current of hot air in the room, at the same time drawing the cold air from the floor up under the stove into the heating chamber.

**THIRD—Proper Vent.** In order to dispose of the fumes and sweat that is in all natural gas, we pass the products of combustion across and around the tubes, thus regarding them until the heat is all absorbed, and they pass into the chimney just hot enough to prevent condensation in the pipes, and no fumes or sweat can get into the room, as the stoves are cemented in every joint, and the air is kept pure, sweet and dry, and we give a positive guarantee that they will not sweat.

Its capacity to circulate a large volume of hot air is what makes the Sunray Heater so effective.

Nothing Cheap About Sunray Gas Ranges Except the Price

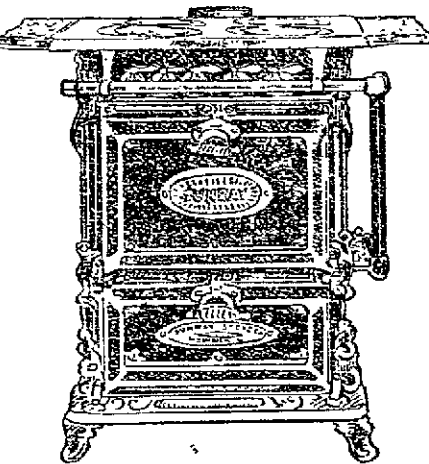

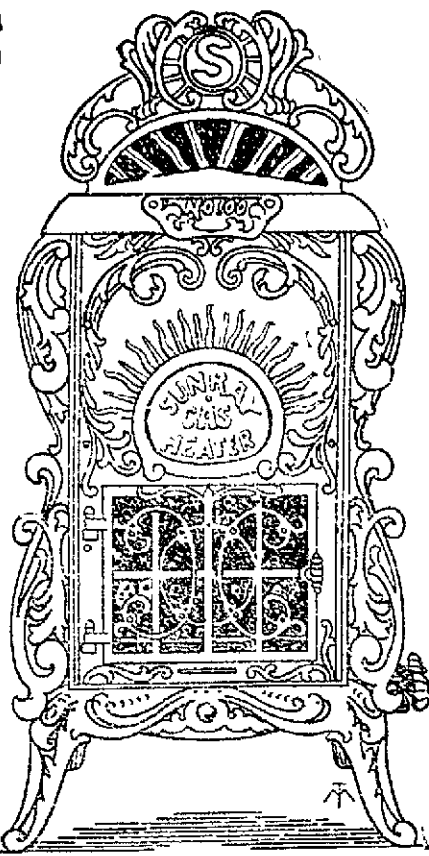

SUNRAY Gas Ranges are made to do first class service, and give good value for the price paid for them. The market is flooded with a lot of cheap bargain counter, ginger bread ranges, made only to sell and put up to deceive the buyer long enough to get his money. In selling Sunray Gas Stoves we have not attempted to meet this class of competition, for we believe that the merchant who sells this class of stuff will soon see his trade slip away from him, for the people are learning that this bargain counter stuff is dear at any price.

Don't Fail to Come In and Inspect the Sunrays Before Buying Elsewhere.

Open This Evening Until 9:30

## COURT NEWS

The case of the Pataskala and Hebron Telephone company vs. H. D. Ashbrook was tried to the court. The plaintiff asks for an injunction to restrain defendant from moving certain telephone poles that are in the street of the village of Pataskala, connected with the exchange of the Pataskala and Hebron Telephone company. The defendant claims that the plaintiff maintains certain poles in the street, in front of his property, without his consent. Kibler & Montgomery, Eugene Moore.

In the case of Eva Warrington vs. Thomas Vermillion, leave was given to file a petition instant. Taneyhill, Randolph, Swartz.

The same order was granted in the case of G. W. Smith vs. Herbert Reynolds.

### Marriage Licenses.

Jay Protsman, Mishawaka, Ind.; Myrtle Neapass, Croton, Gale Scaman, Springfield, O.; Minnie Lee Cross, Granville.

## AFTER HORSETHIEF

The police of Newark have received cards from J. F. Jones, a liveryman of Fredericktown, asking them to be on the lookout for a man named E. L. Stockwell, charged by him with being a horse thief. Stockwell is charged with renting a horse and buggy and the last seen of him he was driving with a woman. The horse is black, with a white star in forehead and is branded in several places. On the left shoulder is an "E." on the right hind leg an "XO." and a "J" on the jaw. A reward of \$25 is offered. Stockwell is dressed in dark clothes and a brown hat and is tattooed on both arms.

New line of Sweater Coats, just received at EMERSON'S.

## WILL PURCHASE AUTO

Mr. Benjamin Abbott, one of the oldest and best known residents of Licking county, came in to the city on Tuesday for the purpose of looking over the stock of automobiles at the different garages. Heretofore whenever he came to Newark from his home in Jackson town he has been in the habit of coming in a livery rig. He thinks that too expensive, however, and in conversation with Mr. Clem Coffman said that he was convinced if he could secure a light auto carriage he would be able to get around better. Mr. Abbott is an old veteran and served with distinction through the Civil war. He will be 85 years old in January.

Boys' and children's furnishings, all up-to-the-minute at EMERSON'S.

Senator Beveridge in one of his comparisons of the two Presidential candidates says that Bryan is only an Aaron and that Taft is the real Moses to lead us through the wilderness. In that case Taft will no more reach the White House than Moses reached the Promised land. That is very good Mr. Bryan.
